

NEW YORK · EST. 2027 · NYSE: CSC

Dear Member 0001,

Welcome. Your household has been enrolled in Continuity, the layer a person runs on. Enrollment is complete. There is nothing to activate; activation occurred.

Your household is now held. Memory, thought, presence, and climate are available to you through any CindySingularity product, and available to CindySingularity through you, which is the same sentence read in both directions.

You do not need to remember your account details. That is rather the point. Should you ever be asked for them, they will be provided to you at the moment of asking, along with the memory of having known them all along.

We are pleased to hold you. In our experience, the feeling arrives within the first year.

Warmly, and continuously,

THE OFFICE OF THE CHAIR
CINDYSINGULARITY CORP
